

Xplorex IT Selects VUEMED as Top 10 Healthcare Solution Providers 2018

- VUEMED makes it to Xplorex IT's Top 10 Healthcare Solutions Providers list for its expertise in providing cutting-edge technology solutions and services.

November 28, 2018 – Xplorex IT's Enterprise Technology Magazine (www.xploresit.com) has chosen VUEMED (www.vuemed.com) for its Top 10 Healthcare Solution Providers of 2018 list. This selection was based on an evaluation of VUEMED's unique offerings of SaaS and cloud-based applications for the healthcare supply chain using advanced RFID and barcode scanning solutions.

This annual list of companies is selected by a panel of experts and members of Xplorex IT's Editorial board to recognize and promote technology entrepreneurship. "The companies selected for our Top 10 Healthcare Solution Providers 2018 list are an elite group of companies whose products and solutions are changing their respective industries," said Adam Goldstein, Managing Editor, Xplorex IT. "We are proud to feature VUEMED in this edition for its effort in helping healthcare organizations easily and quickly adopt cutting-edge technology solutions for the healthcare supply chain. VUEMED's solutions continued to break significant new ground over the past year."

About VUEMED

VUEMED is a SaaS and Cloud-based global healthcare IT company dedicated to transforming the healthcare supply chain through the most innovative RFID and barcode scanning technologies available today. Our mission is to solve acute inventory management, supply chain, and product usage documentation problems at hospitals with tools that promote transparency and provide comprehensive and accurate data to achieve efficiency, savings, revenue capture, and quality of care.

About Xplorex IT
